Location of Project

Country:

City:

Site Area:

Task:

- Pick a site located in Asia. The site area cannot be larger than **5 hectares or 50,000 square metres**. The site may be your current domicile or any place that you are familiar with.
- Analyse the **population census of your selected site** at the macro level and within local context. Investigate issues faced by the age groups in the area, supported by real-world data that must be cited and submitted.
- Decide on a project typology that is **mixed-use** (no single-function community centres; libraries; parks; resorts; or hotels).
- Propose **a new architectural intervention** that could respond to the challenges identified.

Important Notes (refer to brief for the full list):

- Your proposal should justify your design on the basis of **relevance, integration, impact** and **innovation**, supported by **relevant real-world data and analysis**.
- **Extra credits** will be awarded for (a) using **local** resources, materials and manpower; and/or (b) making space for **non-human** species (flora and fauna).
- Judging will also look at how much **original ideation** is put into the proposals.
